**RE: OPPOSE POLYSTYRENE FOOD SERVICE BAN**

Council member \_\_\_\_\_ :

I am a business owner in your district and I understand and support the goal of reducing litter in San Jose. But putting bans on certain kinds of take-out food containers is not the answer. That is why I'm asking you to oppose a ban on polystyrene food service containers.

A ban, if passed, could greatly impact my business by raising costs and lowering convenience of take-out food, an aspect of my business that I depend on a great deal.

We all want to reduce litter but imposing a new, and potentially costly and burdensome requirement on my business is not a reasonable solution. The fact is – products don't litter, people do. Please support your local businesses by OPPOSING a polystyrene food service ban and instead find real solutions to our litter problem.

Thank you,
